

EME 144 MHz : FH/DL1RPL, DXCC

#125

En novembre 2015, Peter DL1RPL a activé l'île de Mayotte, une dépendance française dans l'océan indien. QSO facile avec **FH/DL1RPL** (toujours en total "random", c'est-à-dire sans notification de mon appel sur un logger/chat), reçu -23 dBJT chez moi et moi -19 dBJT à Mayotte. La station utilisée de mon côté est toujours la même, à savoir [2x9 él. DK7ZB](#) et [600W](#).
