IARU Region 1 VHF Contest 2020

Compte rendu du contest IARU R1 VHF des 5 et 6 septembre 2020. Je n'ai été actif que très partiellement, à savoir durant seulement 3 heures 30 sur les 24 que compte le contest. Je me suis attaché exclusivement à chercher les DX's (mode "S&P"). La propagation était très "standard", voire bonne vers le sud-ouest.
Station utilisée : 2×9 él. DK7ZB et 1,2kW
