Subregional VHF Contest July/Juillet 2023

Compte rendu du contest VUSHF subrégional des 1er et 2 juillet 2023. Comme d'habitude, participation limitée, mais cette fois ce fût un mélange de "chasse" aux DX's et d'appels. Propagation assez standard sur 144 MHz, avec toutefois une ouverture vers l'Espagne le dimanche matin. Ecoutez ci-dessous la force du signal reçu de EA1FCH/P, pourtant à près de 1200 km. Plus de QSO's random et moins de prises de skeds sur KST que d'habitude. Sur 10 GHz, participation anecdotique, uniquement 5 QSO's et moins de 200 km comme "ODX".
Station utilisée : 2×9 él. DK7ZB + 1,2kW sur 144 MHz et parabole de 48 cm + 3W sur 10 GHz.

Report of the sub-regional VUSHF contest held on 1 and 2 July 2023. As usual, my participation was limited, but this time it was a mix of DX "chasing" and calling. Propagation was fairly standard on 144 MHz, although there was an opening towards Spain on Sunday morning. Listen below to the strength of the signal received from EA1FCH/P, despite being nearly 1200 km away. More random QSO's and fewer skeds taken on KST than usual. On 10 GHz, participation was anecdotal, with only 5 QSO's and less than 200 km as "ODX".
Station used: 2×9 el. DK7ZB + 1.2kW on 144 MHz and 48 cm dish + 3W on 10 GHz.

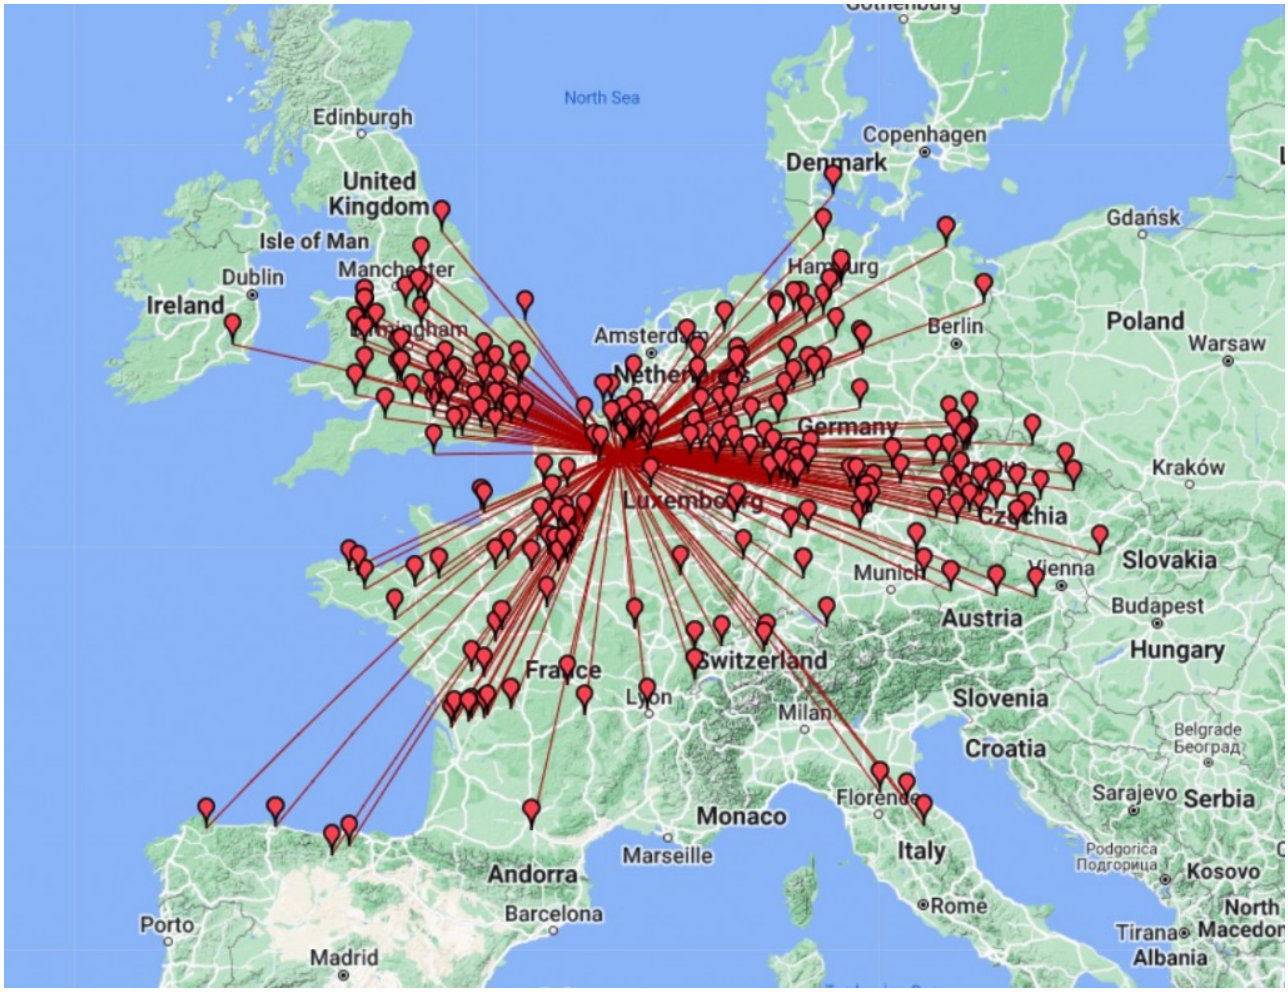

144 MHz

QSO's : 242
Points : 101949
DXCC : 15 (HB9, OE, OK, OM, DL, ON, PA, F, EI, EA, I, SP, OZ, GW, G)
WWL : 75
Average km/QSO : 421

Top 10 DX QSO's :

EA1FCH/P	IN63FL	1175 km
EA1W	IN73EM	1069 km
EA1IT	IN72XW	1046 km
IQ5NN	JN63GN	1016 km
EA2DR	IN83FD	1005 km

OM2Y	JN88RS	990 km
IK4ZHH	JN63AX	955 km
OK2O	JN89IW	908 km
IQ4KD	JN54PF	897 km
OE1W	JN77TX	893 km
