

# IARU Region 1 VHF Contest 2015

Bref compte rendu du contest VHF IARU Region 1 des 5 et 6 septembre 2015. J'ai été actif en single op. durant toute la durée du contest, nuit comprise. Que celle-ci fût laborieuse (seulement 30 QS0), tant la propagation était mauvaise (30 QS0 et 16000 points de moins qu'en 2014) et l'activité faible entre 2h et 6h du matin...

Merci à tous ceux qui m'ont appelé !

Station habituelle : 12 él. DK7ZB et 550W

Short report of activity in the IARU Region 1 VHF contest of September 5th and 6th, 2015. I have been active single op. the whole duration of the contest, night included. What a hard night it was (only 30 QS0), since the propagation was very poor (30 QS0 and 16000 points less compared to 2014) and the activity low between 2h and 6h in the morning...

Thanks to everyone who called me !
